Foam Grip Tubbing

Improve your grip and regain control over everyday utensils with Foam Grip. Designed with ergonomics and adaptability in mind, these grip aids are perfect for individuals facing challenges such as arthritis, aging, disabilities, and various medical conditions.

Whether you're holding a fork, spoon, toothbrush, razor, comb, pen, or pencil, the grip tubing provides a comfortable and secure grip, making daily tasks easier and more enjoyable. It helps alleviate strain on joints and muscles, providing a more comfortable grip for individuals with limited dexterity and strength. The durable non-slip coating ensures a secure grip, even when wet, and is easy to clean and maintain. Plus, it is water-resistant, so you don't have to worry about it absorbing moisture. Regain independence and confidence in performing everyday activities with ease.
